Does not own any version of Adobe Acrobat		**	●	**	●	**	●		**	●	**	●

All tetra4D Products require either Adobe® Acrobat® X Pro or Adobe Acrobat XI Pro.

** Customers may choose to purchase their required Acrobat license through their Adobe CLP contract, or any other authorized Adobe reseller program. However, tetra4D highly encourages customers to purchase 3D PDF Suites with tetra4D. Not only will they save money, but tetra4D will provide support and all updates/upgrades for both 3D PDF Software and Acrobat XI Pro through annual, active Maintenance contracts. tetra4D will submit problems to Adobe for Acrobat and free Reader, and will track all support tickets through our support portal until customer issues are resolved.

3D PDF Animate™ Suite, 3D PDF Compare™ Suite, 3D PDF Publish™ Suite and 3D PDF Enrichment™ Suite are available with **NEW** Acrobat XI Pro licenses only. They are not available with **UPGRADE** Acrobat XI Pro licenses.
